

Dr. Daniel Cyr in the “Cercle d’excellence de l’Université du Québec”

In recognition of his outstanding scientific contributions to the field of reproductive toxicology, Dr. Daniel Cyr, from INRS-Institut Armand-Frappier, inducted into the “Cercle d’excellence de l’Université du Québec”. Follow the link to consult the [article](#). (*Article in French*)

Congratulations to Dr. Cyr for this honor!

« Healthy sperm, healthy children »

An article about the research of Drs. Jacquetta Trasler (McGill University) and Janice L. Bailey (Université Laval) was published, on August 21, on the CIHR website. The article addresses the « growing evidence that epigenetic damage to sperm can result in negative health effects for generations of children ».

Congratulations to Drs. Trasler and Bailey for this important outreach! Follow this link to read the [article](#).

CFAS workshop

The Canadian Fertility and Andrology Society will hold a one day workshop on **November 27th** at Delta Centre-Ville in Montréal. It will be entitled [The impact of the periconceptual environment on the health of the future child](#). Registration link and more information will be posted on the [CFAS](#) website shortly.
