

Renaming of the CSR to the CRRD!

The *Centre for the Study of Reproduction* becomes the *Centre for Research in Reproduction and Development*. The Executive Committee voted unanimously to change the Centre's name to better reflect the scope of research conducted by their members.

This new name comes with a new logo, an [updated website](#), and a [promotional video](#)!

Training Workshops

qPCR and ddPCR in collaboration with Bio-Rad

Date: February 19th 10:00AM to 4:00PM

Place: Room 1134 from the Faculté de médecine vétérinaire of the Université de Montréal in St-Hyacinthe.

Registration: please contact Katia Nadeau from Bio-Rad by email at katia_nadeau@bio-rad.com or by phone at 514 554-8145.

Consult the [poster](#) for all the details.

Please, note that the seminar will be repeated in Québec City during the week of March 21th (place and date to be confirmed according to interest). If you are interested in the **renewal of this seminar in Québec**, please contact Julie Blouin by email at j.blouin@umontreal.ca **no later than March 4th**.
